Workshop Details

The Microneurosurgery Society, a premier initiative by the Department of Neurosurgery at AIIMS, New Delhi, is proud to announce the first Cadaveric Workshop on Minimally invasive spine surgery for Neurosurgeons.

The theme of the workshop this year is '**Anterior and Lateral approaches to the Lumbar spine**'. This workshop will take place on 19th & 20th Dec, 2025 at the New Seminar Room, 1st Floor, JPNA Trauma Centre, AIIMS, New Delhi. Designed to offer hands-on training, the workshop focusses on advanced solutions to the lumbar spine, empowering neurosurgeons to refine their skills and stay at the forefront of this evolving domain.
